Celebrating the Successful First Six Months of STARHAUS @ EuroCities 2024

We are happy to share some exciting news as we celebrate the successful first six months of STARHAUS. Your support and collaboration have been essential to our achievements, and we are delighted to update you on our progress and the exciting activities ahead.

Maria Forna and Petrut Bratu
from Babes-Bolyai University, representing STARHAUS
team at EuroCities 2024

These past six months, our team has worked tirelessly to ensure that all projected activities have begun as planned. We've launched several key initiatives focused on sustainable development, community engagement and innovative solutions, all in line with the New European Bauhaus principles of beauty, sustainability and inclusiveness. STARHAUS journey began with a successful Kick-off Meeting (KoM) in December 2023, where we laid the groundwork for our ambitious goals and objectives. Since then, we've made significant strides, including the launch of our new website and social media channels. These platforms will serve as vital hubs for updates, resources, and engagement with our growing community. We invite you to visit our website and follow us on Facebook, X, and LinkedIn to stay connected.

We've also had the privilege of participating in some major events. Our partners, INOVA+ and Deep Blue, represented STARHAUS at the New European Bauhaus Festival 2024, in Brussels.

It was a fantastic opportunity to interact with other stakeholders who share our commitment to creating beautiful and sustainable spaces. Additionally, we participated in EuroCities 2024, organized by our partner, Cluj-Napoca City Hall.

This event brought together key stakeholders from across Europe. With Babes-Bolyai University and Wiz Research joining as participating partners, we highlighted our collaborative efforts and dedication to urban innovation and sustainable development in front of a wider audience.

This project has received funding from the European Union's Horizon Europe research and innovation program under grant agreement no 101136027. The sole responsibility for the content of this document lies with the author and in no way reflects the views of the European Union.

Oana Buzatu and Roxana Pop from Cluj-Napoca City Hall Representing STARHAUS at EuroCities 2024

As we look to the future, we are excited about the upcoming phases of STARHAUS. Our team remains dedicated to fostering community engagement, advancing sustainable practices, and promoting inclusivity in all our initiatives. Our next project meeting is scheduled for June 12th, 2024, in the beautiful city of Siena. This meeting will be an opportunity to review our progress and plan our next steps. In the coming days, we will also be launching Open Calls to invite innovative proposals and participation from various stakeholders. This initiative aims to further our mission and engage the community in meaningful ways.

We are grateful to all our partners, stakeholders and supporters. Your involvement and enthusiasm drive our mission forward and inspire us to achieve even greater milestones. For more information and to stay connected, please visit our website and follow us on social media.

Warm regards,
STARHAUS Team
